

**Students recognize that
instructors'
working
conditions**

**students'
learning
conditions**

#MakeItFair

To: Bill Flanagan, President and Vice-
Chancellor
University of Alberta

About half of all undergraduate classes at the University of Alberta are taught by Academic Teaching Staff (ATS), and many of these **people** are on short-term, insecure contracts. As a student, I want the **best education** possible, and that means my instructors need the **best working conditions** possible.

Please ensure that all those who teach me are **compensated equitably** according to their **qualifications and skills**. I pay the same tuition and get the same academic benefit, regardless of the type of contract my instructor has. Therefore, my instructors should be treated fairly.

Please ensure that my instructors don't worry about whether they'll have work next semester by giving them greater **job security**.

To:

Bill Flanagan
President and Vice-Chancellor
University of Alberta
